PRADEEP SONI

Data Analyst · Automation · Reporting & Dashboard Specialist

+91 9376155617 | E-mail | LinkedIn | GitHub | Jaipur, Rajasthan (Open to Relocation)

PROFESSIONAL SUMMARY

Results-driven MIS Executive and Data Analyst with 1.5+ years of experience building MIS systems, automated reporting pipelines, and BI dashboards for HR, production, and inventory functions. Skilled in transforming messy, manual data processes into clean, automated workflows using SQL, Excel, Power BI, and Google Sheets. Track record of reducing reporting effort, improving data accuracy, and delivering actionable insights to business stakeholders. Strong communicator who bridges the gap between raw data and decision-ready information.

WORK EXPERIENCE

MIS Executive | **ARL Infratech Ltd. (Specta Quartz Surfaces)** • Jaipur *Aug 2025 – Present*

- Designed and maintained a PHP–MySQL Inventory MIS system serving as the single source of truth for production and inventory data across 5+ business units.
- Optimized 20+ SQL queries and report generation logic, reducing average report load time by ~40% and improving data availability for operations teams.
- Built automated reporting pipelines for procurement and production, cutting manual data compilation time by approximately 60%.
- Developed a real-time stock query interface for non-technical users, enabling instant inventory visibility without requiring SQL knowledge.
- Maintained data integrity across MIS modules through regular validation, error checks, and schema improvements.

MIS Executive | **WeVOIS Labs Pvt. Ltd.** • Jaipur *Aug 2024 – Jul 2025*

- Automated HR and payroll data workflows using Google Sheets and Excel Macros, saving ~8 hours/week of manual effort across monthly payroll cycles.
- Designed Power BI dashboards for attrition, attendance, recruitment, and performance tracking — replacing scattered Excel files with a single reporting layer for leadership.
- Built and maintained clean, analysis-ready HR datasets by standardizing, validating, and transforming raw data from multiple operational sources.
- Automated offer letter generation and email dispatch using Google Apps Script — reduced turnaround from 2 hours to under 5 minutes per batch.
- Partnered with HR and Finance stakeholders to identify reporting gaps, define KPIs, and deliver dashboard solutions aligned to business goals.

TECHNICAL SKILLS

Reporting & BI	Power BI · Excel (Advanced, Pivot Tables, Macros, VBA) · Google Sheets · KPI Dashboards
Databases & SQL	MySQL · PostgreSQL · SQL Query Optimization · Data Modeling · Report Automation
Data Analysis	Data Cleaning · Data Validation · Trend Analysis · HR Analytics · Inventory Analytics
Automation	Excel Macros · Google Apps Script · VBA · Workflow Automation
Languages	SQL · Python (Pandas, basics) · PHP (report scripting)
Cloud & Systems	AWS (Certified Cloud Practitioner) · Linux (RHCSA Certified) · Git
Other Tools	ZOHO CRM · Google Workspace · phpMyAdmin

KEY PROJECTS

HR Analytics Dashboard Suite — *Power BI · SQL · Excel*

- Built a multi-page Power BI dashboard consolidating attrition, hiring, attendance, and performance data into one reporting platform for senior management.
- Replaced 4+ disconnected monthly Excel reports with a single live dashboard, reducing reporting preparation time by 70%.
- Designed DAX measures for month-on-month trend analysis and attrition forecasting.

Automated Offer Letter & Email Pipeline — *Google Sheets · Apps Script · PDF Automation*

- End-to-end automated pipeline: reads HR input data → generates personalized PDF offer letters → dispatches via email, all from a single Sheets trigger.
- Built-in validation, status tracking, and error logging; reduced offer dispatch time from 2 hours to under 5 minutes per cycle.

Inventory MIS System Enhancements — *PHP · MySQL · SQL Optimization*

- Redesigned key inventory reporting modules, reducing report query time by ~40% through SQL optimization and index improvements.
- Added real-time stock query feature enabling operations staff to get instant answers on stock levels without IT support.

CERTIFICATIONS

- Red Hat Certified System Administrator (RHCSA)
- AWS Certified Cloud Practitioner
- Python for Data Science — NPTEL

EDUCATION

Degree	Institution	Specialization	Year	Score
